# TIMELINE

## FIRST YEAR

The best time to start planning for study abroad is your freshman year. HPEM majors should take Intro-level courses prior to going abroad:

- HPE 243: Intro to Sport Management
- HPE 223: History of Sport
- HPE 233: Sport in Society

## SECOND YEAR

HPEM students study abroad regularly during their second or third year. Since HPEM majors ideally finish introductory HPEM courses before going abroad, Spring of your sophomore or Fall of your junior year are the preferred options. You can then fulfill both general education requirements and fulfill some of the HPEM major requirements or electives.

## THIRD YEAR

Consult with your advisor to understand when you must take required courses. Many required HPEM courses and the prerequisites may only be available at BW in alternating semesters. Your advisor and the office of Explorations/Study Abroad will help you find the courses offered abroad that will count toward your major, minor, or total graduation requirements.

## FOURTH YEAR

You can still study abroad during your senior year. However, you must consult with your academic advisor to understand how it may affect your graduation. Your advisor and the office of Explorations/Study Abroad will help you find the courses offered abroad that will count toward your major, minor or total graduation requirements.
